# PUBLIC SPEAKING

**BE CONFIDENT - MASTER YOUR VOICE**

In Collaboration with

COLLEGE OF  
PUBLIC  
SPEAKING  
LONDON

Our school has been recognised by The Schools Trust as a Centre of Excellence for Public Speaking and Technology.

We have joined forces with The College of Public Speaking London. Our staff have been trained in the most effective skills, models and knowledge they need to make a true and lasting impact on our students.

The tried and tested methodology has proven effective with millions of budding speakers worldwide.

Overcoming the natural fear of public speaking and speaking with confidence is a life-defining skill. Composed speeches require planning, practice and delivery excellence.

## STUDENTS LEARN TO:

**Build self-confidence**

**Focus energy on positive communication**

**Speak with impact and clarity**

**Communicate with personality, creativity and authenticity**

**THE  
SCHOOLS  
TRUST**

WORLD LEADING SCHOOLS
